The Fibre Optic
Company's
Latest project
June 2010

- *The Fibre Optic Company offer a low cost Solution to Scanner Room Lighting.*
- *The system provides illumination with no metal parts or filaments using high transmission fibre optic technology.*
- *Light is produced by using powerful easy maintained light sources placed outside the scanner rooms RF cage for easy access.*
- *The system removes the need for maintenance on lamps inside the scanner room area.*
- *Can be used in new or existing scanner room installations.*
