The Fibre Optic  
Company's  
Scanner project  
June 2010

- *The Fibre Optic Company offer a low cost Solution to Scanner Room Lighting.*
- *The system provides interference free illumination using high transmission fibre optic technology.*
- *Light is produced by using powerful easy maintained light sources placed outside the scanner rooms RF cage for easy access.*
- *The system removes the need for maintenance on lamps inside the scanner room area.*
- *Can be used in new or existing scanner room installations.*
